

AANR-NW Convention/Facilities Committee Report

Submitted by: Margie Cantlon & Jenny Agee

Subject: 2026 AANR-NW Convention Planning Update

Jenny: I spoke with Veronica Mulligan, the Convention Chair for Lake Bronson, to check in on the progress of the 2026 AANR-NW Convention. Veronica reported that planning is going very well, and the committee is enthusiastic and actively preparing for a successful event.

One creative promotional idea they are working on is a **postcard** to be distributed at the 2025 AANR-NW Convention at Kaniksu Ranch. The postcard will feature **3 to 4 professional photographs** of Lake Bronson's grounds and amenities, along with a **QR code** that links to a **drone video tour** of the property.

To further engage their membership, Lake Bronson is holding a **competition** to select two individuals (one male and one female) to serve as the **“Voice of Lake Bronson”** for the video's voiceover. This initiative is generating excitement and boosting community involvement.

Additionally, the club is creating **custom wood-routed signs** for each AANR-NW club, displaying the **distance from their location to Lake Bronson**. These signs will

be connected with chains, allowing for easy updates if club information changes in the future.

Veronica shared that more updates and finalized plans will be available following the 2025 Convention.

Margie: I also forwarded Jim Lahey's email containing samples of past convention articles to Kaniksu to encourage them to submit content to both *The Nudescene* and *The Bulletin* to help promote the upcoming conventions.
